STANDARD TERMS AND CONDITIONS OF SALE

Please carefully read the enclosed terms since they apply to the sale of all products by CEM International (including all divisions and subsidiaries) to you.

1. Applicability

These terms and conditions supersede all previously issued standard terms and conditions of sale.

2. Terms of Supply

CEM will supply the goods set out on the order in the quantity and to the location specified in the Purchaser's order form.

3. Quotations and Prices

3.1 All prices are subject to alteration without notice to the Purchaser if due to any increase in CEM's costs between the date of the quotation and the date or dates of delivery.

3.2 The price of Goods ordered will be that amount charged by CEM at the date or dates of delivery.

3.3 All prices for Goods are exclusive of sales tax and delivery charges, unless otherwise agreed.

4. Terms of Payment

CEM may invoice the Purchaser for the cost of materials, labour and/or overheads which CEM incurs, or will incur, in the process of manufacturing Goods, before delivery of such Goods by CEM to the Purchaser. The Purchaser must, within seven (7) days of the date of any such invoice rendered by CEM to the Purchaser, pay to CEM the amount specified in such invoice. Otherwise, Goods must be paid for within thirty (30) days of the date of invoice, unless otherwise agreed.

5. GST

5.1 All prices charges taxes and expenses ("the amounts") payable by the Purchaser to CEM do not include any goods and services tax ("GST").

5.2 If any GST is incurred or payable by or collectable from CEM in respect of supplies by CEM to the Purchaser, the Purchaser must pay or reimburse CEM for any GST, in addition to the amounts.

5.3 The GST must be paid or reimbursed by the Purchaser to CEM at the same time as when the amounts required to be paid by the Purchaser to CEM.

5.4 CEM shall promptly provide the Purchaser with an invoice or receipt which is in an approved form for GST purposes.

6. Interest on Overdue Accounts

6.1 If the Purchaser fails to pay any sum by the due date for payment, the Purchaser will on

demand pay to CEM interest at a rate fixed under Section 2 of the Penalty Interest Rates Act 1983 (Vic.), computed on the sum of money overdue during the period of default.

6.2 The Purchaser will pay on demand the reasonable expenses incurred by CEM as a result of late payment for Goods.

7. Specification

CEM reserves the right to modify any specifications for improvement of the Goods at any time.

8. Delivery and Quantities

8.1 CEM reserves the right to deliver Goods by instalments and each instalment shall be deemed to be sold under a separate contract. Failure of CEM to deliver any instalment shall not entitle the Purchaser to cancel the balance of the order.

8.2 The Purchaser authorises CEM to arrange with an independent contractor the cartage, delivery, storage, handling, installation, removal, assembly or erection of the Goods.

8.3 CEM will not be responsible for loss or damage to Goods beyond the point of consignment.

8.4 In the event of the Purchaser's lack of instructions the commencement or progress of any work by CEM is delayed or suspended or the date of delivery of the Goods is postponed, the Purchaser shall be liable for all costs or expenses suffered or incurred by CEM as a result.

8.5 Any claim by the Purchaser for inadequate or wrongful delivery of the Goods must be notified to CEM in writing within 14 days after delivery of the Goods.

9. Installation and Site Requirements

9.1 CEM reserves the right to increase the charge specified in any quotation for installation and/or commissioning of Goods.

9.2 The Purchaser will at its own cost and expense arrange for suitable electrical power, hoisting and toilet facilities to be provided to the CEM personnel performing any work for the Purchaser.

10. Risk and Title

10.1 The Purchaser shall not acquire any right, title or interest in Goods until the Purchaser pays to CEM the purchase price of the Goods in full.

10.2 Until Goods sold are paid for in full the Purchaser is a bailee of those Goods for CEM and will keep the Goods reasonably separate and identifiable from all other goods that the Purchaser

may hold unless the Goods are incorporated into or are a component part of a finished product produced by the Purchaser.

10.3 If any Goods in which CEM retains title are resold or incorporated into products manufactured or finished using the Goods and resold, the Purchaser shall hold such part of the proceeds of any sale as represents the invoice price of the Goods sold in a separate identifiable bank account as trustee for CEM as beneficial owner and shall pay such amount to CEM immediately on demand.

10.4 If the Purchaser has not paid for Goods when payment falls due, CEM may enter the Purchaser's premises where those Goods are or are reasonably suspected of being situated, without liability for trespass or any resulting damage, and retake possession of those Goods using reasonable force to do so.

11. Implied Terms

All warranties included or implied by statute the common law, equity, trade, custom or usage or otherwise are expressly excluded to the maximum extent permitted by law. The liability of CEM for a breach of a condition or warranty that cannot by law be excluded is limited at CEM's option to the replacement or repair of the Goods or the supply of equivalent goods or the cost of acquiring equivalent goods.

12. Limitation of Liability

In no event shall CEM be liable for any special, incidental, indirect or consequential damages including damages for loss of business profits, business interruption or loss of information which may be suffered or incurred or which may arise directly or indirectly as a result of the use of the Goods by the Purchaser.

13. General

13.1 CEM shall not be bound by any agreement purporting to vary these terms and conditions unless that agreement is in writing and signed on behalf of CEM by an authorised officer of CEM.

13.2 CEM and the Purchaser shall not be liable for any delay or failure to perform their obligations apart from a failure to pay monies validly owing, if that failure or delay is due to any cause or condition beyond the control of that party.

13.3 If any part of these terms and conditions is or becomes illegal or invalid then the remainder of these conditions shall not be affected.

Where special conditions are specified by CEM in any quotation or other sale document, such special conditions shall apply to these terms and conditions and to the extent that there is any inconsistency between those special conditions and these terms and conditions, the special conditions shall prevail to the extent of the inconsistency.
